**Iberpapel is an integrated paper group committed to quality, service and the environment. It is one of the main players in the printing and writing paper market in Spain.**

The Iberpapel Group began when Papelera Guipuzcoana de Zicuñaga was set up in 1935 and since then it has been engaged in paper and cellulose pulp production. In 1997 the Group was first listed on the Stock Exchange. Iberpapel is an integrated group with an international profile, present in Europe, South America and North Africa. Its business model is based on the integration of the production process, industrial flexibility, leadership in production and costs, as well as an emphasis on sustainability and respect for the environment.

Iberpapel and its subsidiaries are organised as an integrated group participating directly in the areas which make up the paper production process.

- ◇ **Forestry activity**, with 14,610 ha of land in Spain and Argentina.
- ◇ **Cellulose fibre production** in the Hernani (Guipúzcoa) plant, with a capacity of 240,000 t a year.
- ◇ **Paper production and sale**, with a capacity of 250,000 t a year.
- ◇ **60 MW of electricity generation.**

The three independent production lines in the Hernani factory provide the Group with more flexibility in the production process.

The Iberpapel Group is committed to sustainable development, ensuring that economic, environmental and company objectives progress together. Our commitment is based on sustainable forestry management, using the best technology available, and optimising energy efficiency.
