

Iberpapel posts first-quarter net profit growth of 5.46%

Madrid, 26 April 2017.

The Iberpapel Group registered growth in its net profit of 5.46% year-on-year in the first quarter of 2017, while revenue was 2.63% higher at €55.08 million.

Iberpapel delivered this healthy earnings performance despite a less buoyant paper market compared to last year, marked by lower prices, evidencing the Group's enhanced efficiency.
